BACCALAUREATE PROGRAM ARTICULATION AGREEMENT

between

College of New Jersey
and
University of Delaware

for

Medical Technology

AGREEMENT

WHEREAS the two institutions better serve the educational growth of students and the economic development of the community through cooperative educational planning and optimal utilization of community resources,

articulation process between the two institutions.

degrees to follow the joint program curriculum and course-by-course articulation delineated in this document.

...and enrolled students.
... College of New Jersey's program who have completed the prerequisite courses with minimum grade of "C", have a cumulative grade point average of at least a 2.8 and a science cumulative grade point average of at least 2.5, in the prerequisite Biology and Chemistry courses, will be accepted into the baccalaureate program of the application process. The University of Delaware will admit up to 10 students from The Richard Stockton College of New Jersey annually; additional students will be considered on a space available basis.

5. All articulated course credits earned with a C or better will be accepted for transfer according to the course pairing document (see Appendix A).

6. Continuing students at The Richard Stockton College of New Jersey... should complete the... semester of their baccalaureate...

The Richard Stockton College of New Jersey will accept 31 credits of coursework as specified in the course pairing and curriculum worksheet documents (see Appendix B), with the grade of at least "C" earned at the University of Delaware toward the Bachelor of Science in Medical Technology, to complete the requirements for the Bachelor of Science in Biology awarded by The Richard Stockton College of New Jersey.

...the University of Delaware in concurrent academic... period of time.

9. The Richard Stockton College of New Jersey students... completed with at least the grade of C.

...subject to all specific policies pertaining to students admitted to the Medical Technology Baccalaureate Degree program.

...based on the present curricula contained in this document

TERM OF AGREEMENT

This Agreement shall commence on January 1, 2010, with the intent to maintain all of the students in September 2010, and shall be in effect for the period required for completion of the Ph.D. program of Science in Biology at The University of Delaware.

but students in residence for the program after such notice is given, be allowed to complete the Ph.D. program at the time of such notice will University of Delaware.

directors, officers, and employees, students and agents, and nothing contained herein shall be considered a non-harmless agreement on the part of either party.

liability insurance with an insurer authorized to do business in the State of Delaware and the agreement comprehensive general

acknowledged that the Richard Stockton College of New Jersey does not carry separate public liability insurance but manages risks through the State of New Jersey.

ANCA 2004

As a condition of the agreement, the Richard Stockton College of New Jersey and the University of Delaware shall insert a similar provision in all subcontracts.

GENERAL PROVISIONS

There shall be no discrimination against any employee engaged in the work required to produce the services and programs covered by this Agreement, or against any applicant for such employment because of age, race, creed, color, national origin, sex, ancestry, marital status, disability or handicap. This provision shall include, but not be limited to the following: employment, upgrading, form of compensation, and benefits. The Richard Stockton College of New Jersey and the University of Delaware shall insert a similar provision in all subcontracts.

promulgated pursuant thereto, as the same may be amended or modified.

Under this Agreement, both the University of Delaware and The Richard Stockton College of New Jersey shall be governed by the laws and regulations of the State of New Jersey and the State of Delaware, respectively, and the laws and regulations of the governing States and administrations except insofar as this Agreement specifically states to the contrary.

Notwithstanding to whomsoever this Agreement is assigned, it does not constrain, or limit in any way, the actions and operations of either party except for the terms of the arrangements and agreement made as part of this Articulation Agreement.

Department of Biology, University of Delaware.

It is understood and agreed that the parties to this Agreement may revise or modify this Agreement by written amendment when both parties agree to such amendment.

WARRANTIES

The parties represent that this Agreement has not been solicited or

secured, directly and indirectly, in any manner, by any conduct, including the paying or giving of any fee, commission, compensation, gift, gratuity, or consideration of any kind, directly and indirectly to any State employee, officer or official.

This Agreement shall be in writing and shall be deemed delivered when delivered in person or deposited in the United States Mail, postage prepaid, addressed as follows:
