

**HAZARDOUS WASTE CONTAINER/STORAGE AREA INSPECTION LOG**

Location \_\_\_\_\_

ITEM	Date of Inspection <sup>1</sup>										
Are containers in good condition, not leaking and closed when not in use? <sup>2</sup>											
Are containers marked "Hazardous Waste," dated with legible labels that are visible? <sup>2</sup>											
Are incompatible wastes segregated properly? <sup>3</sup>											
Are storage dates within appropriate time period? <sup>4</sup>											
Appropriate spill control present? <sup>5</sup>											
Signature of inspector											
Corrective action(s) taken <sup>2</sup>											

<sup>1</sup>Inspections must be performed weekly and the Inspection Log must be retained for a period of three years.  
<sup>2</sup>If all conditions are OK place a check in that section. If conditions were not OK make a note in that section and describe corrective action taken (use additional sheets as necessary).  
<sup>3</sup>Consult MSDS for proper storage conditions.  
<sup>4</sup>Stockton is currently a SQG; hazardous waste must not be stored for longer than 180 days or 6 months  
<sup>5</sup>Containment system must have sufficient capacity to contain 10% of the volume of containers or the volume of the largest container, whichever is greater.
