

“Black, Hispanic and lower-income residents are just as worried about COVID and are as eager to be vaccinated as the rest of the population. But they are waiting longer to get access to the vaccine, and more of them are getting sick,” he said.

Very/somewhat
concerned about
getting COVID

Would
definitely/
probably get
vaccine

Received at
least first
vaccine does

Tested
positive for
COVID-

Other findings of the Stockton Poll include:

- 59% support opening schools for in-person learning now, while 27% oppose it and 13% are unsure
- 65% would get an annual coronavirus shot if recommended, and 11% said they might
- 77% trust the vaccines to be safe and effective, while 17% do not
- More people trust the medical industry to act in their best interests than the government, 77% for medicine and 54% for government.
